

RAJAPPAN C

Mannargudi,Thiruvapur | rajappanofficial@gmail.com | 9677629403 | linkedin |

Summary

Motivated MCA student with strong skills in Python, Machine Learning, and full-stack development. Experienced in building AI-based applications including predictive models and data-driven systems. Familiar with cloud concepts and eager to work with IBM Cloud platforms. Strong problem-solving skills with 150+ coding problems solved and Top 1% rank in NPTEL Programming in Java. Seeking an opportunity to apply AI and cloud technologies in real-world projects.

Education

Periyar Maniammai Institute of Science & Technology ,
MCA Master of Computer Applications

Vallam in Thanjavur,
aug 2024 – May 2026

- CGPA: 8.20 (Upto 3rd semester)

Periyar Maniammai Institute of Science & Technology ,
BCA Bachelor of Computer Applications

Vallam in Thanjavur,
aug 2021 – May 2024

- GPA: 8.14

Skills

Languages: Java, Python, JavaScript.

AI/ML : Machine Learning, Scikit-learn, Model Training.

Data: Pandas, NumPy

Cloud: Cloud Computing Basics, IBM Cloud (Learning)

Web Technologies: HTML, CSS(basic) .

Backend: Spring Boot,REST APIs,JDBC

Database: Mysql.

Concepts: Object-Oriented Programming (OOP), MVC Architecture

Projects

CAMPUS PLACEMENT APPLICATION

- Developed a scalable full-stack web application using Java and Spring Boot with role-based access control
- Designed RESTful APIs and integrated MySQL database for efficient data handling.Implemented secure authentication using Spring Security
- **Technologies Used:** Java, Spring Boot, Thymeleaf, MySQL, HTML, CSS.

AI-BASED LOAN ELIGIBILITY PREDICTION SYSTEM

- Developed a Machine Learning model using Support Vector Machine (SVM) for loan approval prediction . Performed data preprocessing, feature engineering, and model training using Scikit-learn
- Achieved 92% accuracy through hyperparameter tuning and model optimization . Built a Flask-based web application for real-time prediction . Implemented authentication and dashboard for monitoring predictions
- **Technologies Used:** Python, Flask, HTML/CSS, Pandas, NumPy, Scikit-learn, SVM-algorithm.
- **Keywords:** Machine Learning, AI, Prediction Model, Data Analysis

Coding Profile

GeeksforGeeks: Solved **150+** problems to strengthen core coding skills. -**GeeksforGeeks profile link**

HackerRank: Achieved a **5-star rating** in Java by consistently solving advanced programming problems.

Certificates

Programming in Java: NPTEL (Score: 99%)

Fundamental of Object Oriented Programming: uLectz.

python programming: GUVI

Award

Received **100% Attendance Award** in 11th Standard for maintaining full attendance throughout the academic year.
